Dear Members of St. Leo's Knights of Columbus Council:

We are grateful for your financial support of the programs and services offered by Cornerstone. Your generosity has made it possible for us to provide activities beyond short-term shelter and meal assistance that are currently funded by public purse. These activities include trips to the Science Centre, special BBQ's in our parking lot, New Years' Eve celebration with pizza and movies, New Years' Eve celebration with pizza and movies. They have enriched lives of many individuals in crisis who are tenants and guests at our shelter and half-way house. Please visit our web-site at www.cornerstonedurham.com to find out more about us and read some of the personal testimonies from our tenants and guests.

Our mission is to partner with those on the path from homelessness to home by providing non-judgemental support, safety, affordable housing, community and hope.

On behalf of our Board, our staff and members of the Cornerstone community, we thank you wholeheartedly for your willingness to support us in this community service.

Sincerely,

Robert Brglez
Executive Director
